## New Boort branch - Open for business

North West Ag Services recently purchased Harrington Ag Consulting in Boort and as of September 1st took over the business. The Boort location, 58 Godfrey Street, truly compliments the existing North West Ag footprint throughout the Mallee and northern Wimmera and is a wonderful addition to the business. For those that are able to come and see our new branch, you will be greeted by Doug Parker and Tamara Mercer. We look forward to seeing you soon!

## New wheat varieties

### Cutlass

Cutlass is the latest variety release from AGT. Cutlass is very similar to Yitpi with better Yellow Leaf Spot, Stem Rust and Leaf Rust resistance. Cutlass only has an APW classification, but yield potential as a mid season variety is good. Other benefits include:

- Maturity similar to Yitpi
- Higher yielding than other
- mid-late maturing varieties
- CCN resistant
- Good rust resistance
- Boron tolerant
- Better yellow leaf spot
- resistance than Yitpi
- APW quality classification

### Scepter

The next release from AGT is Scepter. Scepter is a Mace replacement, with its main strength being that it has a better rust package than Mace. Other benefits include:

- Improved yield over Mace
- AH quality classification
- Early-mid season maturity, slightly later than Mace
- Good physical grain quality package
- CCN and yellow leaf spot resistance equal to Mace
- Improved stripe rust resistance over Mace

North West Ag Services has a limited amount of Scepter seed available for the 2016 season. For further information or to place a seed order contact your local store.

## Goldacres

Goldacres products give you the ability to build units that best suit your requirements. Pictured above is a combination of the 400L Traymate, Towbar Deluxe boom and the 15m manual hose reel which would make a great unit for fence line and spot spraying.

### Traymate 400L

GA4900054

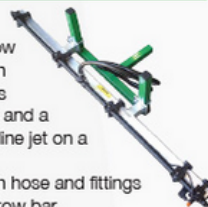

- 6.8 l/min 100psi 12v Shurflo pump
- Pistol grip gunjet with adjustable nozzle
- 900 W x 1150 L x 900 H
- Boom ready: GA5021725
- 11.8 l/min 45psi 12v pump
- Pressure regulator and gauge

### Towbar Deluxe

GA4908840

- Perfect for tow bar mount on utility vehicles
- Four nozzles and a single fence line jet on a spray bar
- Supplied with hose and fittings to mount to tow bar
- Height and length adjustable
- 50mm RHS towbar insert mount

### 15m manual hose reel

GA5066085

- Water / Chemical
- Steel housing
- 15m hose length
- 3/4" hose diameter
- 300psi / 20 bar max pressure

Contact your local North West Ag Services store to discuss how the Goldacres range of products could suit your needs.

## Hyti Grain Bags

**HYTI GRAIN BAGS**  
Good protection is of capital importance

After a successful launch of the Hyti grain bag in 2014, North West Ag have become the sole Mallee distributor ensuring supply within our 11 branch network.

The Hyti grain bag from Hyplast NV Belgium, consists of a triple layered true 350 micron plastic with an ultra violet additive (3%) to cope with Australia's harsh conditions, successfully used throughout our region for many years. European manufactured to strict ISO9001 and ATSM standards, the Hyti grain bag suits every machine and application, and is available in 60m, 75m and 100m bags.

If you are looking for a short term storage solution this season to complement your grain management then contact your nearest North West Ag store to discuss your requirements.

## GROW NOW.

## PAY LATER.

### North West Ag Services' harvest terms help grow your business.

**north west ag**

S E R V I C E S

Get your season off to the best start possible with the flexibility, convenience and peace of mind offered by North West Ag Services' harvest terms on crop inputs.

This unique facility means you can purchase your required inputs including seed, chemicals and fertiliser and you don't pay until after harvest.

This facility is available via a Flexi Grain area based contract. There are no complex applications or the need for years of production or financial history. Let us know the value of inputs you would like to cover and we can do the rest.

For more details about the harvest terms North West Ag Services offer, contact your local branch today.
